VOL. CVXIIII.—133. ALEXANDRIA, VIRGINIA, FRIDAY, JUNE 20, 1913. PRICE, 2 CENTS

IRREGULARITIES IN ASSESSMENTS

Suggestive Statistics Compiled by Chamber of Commerce.

71 COUNTIES A DRAIN.

They Spent a Total of $592,268.37 More Than They Paid Into The The Treasury of The State.

Startling irregularities in assessment of taxes in the State of Virginia are prominently brought out in the statistics compiled by the Alexandria Chamber of Commerce which make it easy to compare the actual figures showing how 71 counties out of 100 are an actual drain to the state 29 counties producing a gain of $298,546.30, not enough by half to meet the deficit caused by the drain upon the state treasury of the 71 counties who spent a total of $592,268.37 more than they paid in taxes, which deficit of half million had to come out of the pockets of the people in the 29 counties and 19 cities,through the treasury of the state.

The special committee appointed by the Alexandria Chamber of Commerce to prepare and print these statistics for publication and distribution to interested persons throughout the state have performed a great service to the tax payers in the 19 cities and 29 counties of Virginia.

This committee of five composed of John W. May, Chairman; W. A. Smoot, Jr., C. S. T. Burke, Gardner L. Boothe, and Geo. D. Hopkins will co-operate with trade bodies in Richmond, Norfolk, Roanoke and other cities taking any further steps deemed necessary to give these statistics publicity and secure the interest and attention of the next legislature for the purpose of having that body pass a bill which will bring about the establishment of a tax commission or board to investigate the irregularities in assessments throughout the State and afford relief to the people now bearing the greater burden of taxation by devising a modern system for equal assessments of land values to be incorporated in the laws of Virginia.

With a population of 18,650 according to 1910 census Frederick county, the northernmost county in the state at the head of the Shenandoah Valley is quoted in the handbook of Virginia issued by the Department of Agriculture and Immigration of Virginia as "one of the best counties of the famous Valley of Virginia." Has an area of 425 square miles, the average assessed value of land is $12.00 per acre."

Frederick county, is now conceded to be the largest apple growing county in the State of Virginia according to Geo. W. Koiner the State Commissioner who states in the handbook that the 1910 apple crop of 250,000 barrels brought the growers of the county one half million dollars, and estimates the 1915 crop will be worth not less than two million dollars, the estimated value of a crop of one million barrels, when the larger part of the apple orchards will be bearing.

Adjoining Frederick county,which is one of the wealthiest in Northern Virginia, lies one of the smallest counties in the State, Clarke county, with an area of but 189 square miles, and a population of but 7,468, which is 11,182 less than total population of Frederick county, paid in taxes to the state $7,251.85 more than she received from the state, while Frederick county was a loss to the state to the amount of $2,577.83, in other words, it cost the state over $2,500 to support Frederick county, while little Clarke county paid the state in taxes, a profit of $7,251.85.

Seems like there ought to be work here for a special tax commission to investigate assessments and the system upon which they are made.

Carroll county cost the State $40,534.70, the expense of the county to the state being that amount more than the sum received from the county in taxes. This enormous loss was, of course, more occasioned through the cost of bringing the Allens to trial.

Franklin county, with a population of 26,480, and an area of 690 square miles, one of the largest tobacco producing counties, nearly every land owner being a grower of tobacco is being well supplied with schools, having fine high schools, cost the state $32,066.10.

Pitsylvania, county, with 986 square miles an da population of 69,729, produces an immense crop of the finest tobacco, nearly doubling in quantity any other county in the State, totaling over 17,000,000 lbs., by the last census, possesses some of the finest roads in the state, has taken out of the state treasury $23,930.12 to meet her expenses.

Here is another nut for the investigator to crack. Grayson county, with 438 square miles, a population of 19,855, and the home of an immense industry, a corporation capitalized at two million and a quarter dollars, employing over fifteen hundred women at its looms in addition to the male labor, costs the state treasury $26,844.29.

Even more startling in the showing of discrimination in the assessment of taxes is that of Russell county which has an area of 503 square miles and a population of 23,474, with farm lands valued at $50 an acre and an average assessment of $5 per acre, cost the state $21,579.57.

Compiled by the Alexandria Chamber of Commerce.

Taxes received by the State from each county and city, and the amount paid by the state to each county and city.

Impressive Services and Interesting Sermon in The Chapel.

DR. LEE'S DISCOURSE.

Meeting of Alumni Yesterday Afternoon, With Bishop Peterkin in the Chair—Interesting Essay.

Impressive ordination services were held this morning at 11 o'clock in the chapel of the Theological Seminary, near this city, attended by a large and interested congregation. Promptly at 11 the procession of Bishops and professors with the students to be ordained, and their presenters, all vested in their robes entered the chapel and marched up the aisle to their places in the choir and chancel while the processional hymn, "Through the Night of Doubt and Sorrow," was being sung. After a short opening service of prayer by Bishop Gibson, the ordination sermon was preached by the Rev. H. B. Lee, D. D., of Christ Church, Charlottesville, Va., after which the candidates for the diaconate were ordained in due order, as follows:

Messrs. Bowyer Campbell, Churchell Jones Gibson, B. A., Conrad Harrison Goodwin M. A., Louis Ashby Peotross, Paul Micon, M. Two of the deacons will go to the foreign missionary field, the Rev. Bowyer Campbell to China and the Rev. Louis A. Peatross to Japan, while the Rev. Stanly S. Thompson will go to the Philippines. The alumni meeting was held at the chapel yesterday afternoon the president, Bishop Peterkin, being in the chair. An interesting and timely essay was read by the Rev. W. T. Capers, of the Church of the Holy Apostles, Philadelphia, on the growth of the Episcopal Church. Other general business was transacted, and at the alumni dinner in the refectory a number of speeches were made. The attendance of alumni was very large, and the reunion of the various members of the old classes was most delightful. A collation was furnished to the other guests at Whittle Hall. The weather was most propitious, and altogether the seminary enjoyed one of the most interesting commencements in its history.

Wednesday night the anual mission sermon was preached before the Seminary by the Rev. Arthur S. Lloyd D. D., president of the Board of Missions of the Episcopal church. A large congregation was present.

It is not yet known what disposition the Treasury Department will make of the fee system of collections under which the collector of the port of Alexandria received his pay. This port paid the collector no regular salary, his compensation having been regulated by the fees received from imports and measuring vessels. According to reports Baltimore will have been consolidated with the four ports mentioned by July 1 at which time the new law is expected to go into effect.

EXCESSIVE WHISTLING.

Residents of Seminary Hill Complain of Nocturnal Screeching.

People who reside in close proximity to the tracks of the Southern and Washington and Southern Railway tracks are loud in their complaints of what they believe to be the unnecessady and often prolonged sounding of locomotive whistles between Alexandria and the double bridge, a short distance west of the city.

The complaint is chronic, having been urged several years ago, and the sufferers from the custom are preparing to invoke the aid of the law for their relief. They intend to apply to the Board of Supervisors of Fairfax county in order that whistling by engines can be minimized at least.

AUTOMOBILE CLUB MEETS.

To Urge Gov. Mann to Issue an Order For Temporary Reciprocity

The Automobile Club of Alexandria held a most interesting meeting last night at the rooms of the Chamber of Commerce, and considerable business was transacted.

The various committees recently appointed to take action upon several important questions effecting the autoists all made reports.

The committee on reciprocity in its report stated what had been done was requested to inform each member to interest automobile owners, and the association to write

Governor Mann, asking him to issue an order effecting a temporary arrangement between state of Virginia an dthe District commissioners to allow an interchange of courtesy which will permit automobile owners residing in Virginia to enter the District without taking out a license an dto extend the same courtesy to the autoists from the District. This is to be merely temporary arrangement to give the automible interests time to formulate plans for presenting the matter to the next legislature.

The committee on highways reported that the Washington-Virginia Railway had placed and repaired the old St. Asaph crossing with new material; also that the committee had cut down the weeds that formerly obstructed the view of the road at Wheelsman crossing and other points between this city and Washington down, and had signs made which were now being painted for erection at all danger points between the cities.

A bill of the greatest importance to the automobile owners all over the United States, was introduced in Congress yesterday. This bill provides for a federal license law which will permit any automobile to travel through all states in the union with one license. It will only be neecssary for the auto owner to take out a license in the state in which he resides which will then permit him to travel throughout the United States without paying any additional tax. At last night's meeting the secretary was instructed to write to the Virginia Congressmen requesting them to use their influence to have this bill passed.

NEWS OF THE OLD DOMINION.

CASE OF MRS. FITZHUGH.

Lawyer Traces Her History—Believed to be Mentally Unbalanced.

New York, June 20.—The whole romantic history of Mrs. Randolph Fitzhugh, the beautiful young Southern woman who pleaded guilty in the general sessions court to the larceny of a $550 gold mesh bag belonging to Dorothy W. Fiske, has been revealed by Creed M. Fulton, her Washington attorney.

Explaining his connection with the case, and his plans for clearing his client of the charge against her, Fulton says:

"I was sent here from Virginia to clear the family name from odious scandal. A motion will be made next Wednesday to withdraw Mrs. Fitzhugh's plea of guilty and continue with the trial.

"The sending of this woman to prison would be a calamity, even if guilty, because of her history.

"On her mother's side she comes from the stock of the Warrens of Virginia, and is closely related to the Moncures and Ashbys of the South. She was born in Falls Church in 1887, and expensively educated in Richmond. When 19 she married Randolph Fitzhugh, of Richmond. He came from the family known as the "Fighting" Randolphs of Virginia. He died soon after their marriage, and shortly afterward she became engaged to her girlhood sweetheart, a young man named Willis.

"This was in 1906. During that year she contracted typhoid and during convalescence became mentally unstrung. One night she had a delusion that she must kill her fiance and attempted to do so with an axe. this she was committed to the Western State Hospital for the Insane at Staunton, Va.

"Her afther William Bruce Fennell, had just been defeated on the Democratic ticket for governor, and the double shock undermined him. He went insane and was committed to Mount Hope Asylum, in Washington. The following year her mother lost her reason from a broken heart and is now in St. Elizabeth's Hospital.

"In 1911 she was pronounced cured, and acme to Washington. Her relatives shunned her because of sout pride. In January, 1911, she met an attorney in the Agricultural Department, and he proposed marriage.

"He introduced a friend, who, dressed as a priest, performed a bogus marriage. In April she discovered his baseness, and left him; but in September she gave birth to a little boy. The bogus husband has never been found since, but periodically he has sent her funds through Joseph Solomon, a Washington attorney."

WORKMEN THROWN OUT.

Trades Council in Chicago is Locked Out by Building Association.

Chicago, Ill., June 20. — Twenty seven thousand and seven hundred men were locked out on incompleted buildings in Chicago in the boycott against the Building Trades Council yesterday by the Building Construction Employers' Association.

Work of buildings costing $29,000,000 was stopped when contractors on all buildings in the course of construction were notified that the lockout exists.

The lockout was the result of the failure to settle the strike of 150 stone masons on the new Continental and Commercial National Bank building.

PASTOR SLAPPED IN FACE.

Woman Said to Have Been Kissed by Minister Aids Husband in Attack.

Richmond, Va.. June 20.—The residents of Churchill are wrought up over the dismissal of Rev. David Francis as pastor of the Third Christian Church because he kissed Mrs. R. D. Inge, a member of his congregation.

The latest development is an assault upon Rev. Lester E. Groseclose, pastor of Fairmount Christian Church, by Mr. Inge, who slapped the pastor in the face after prayer meeting Thursday night, it is said, because Rev. Groseclose was thought to be the person who made public the kissing story and brought about Rev. Francis' dismissal. Mrs. Inge signed an affidavit that the pastor kissed her three times. This he denies, asserting, it is said, that he only kissed her once, his "artistic temperament" causing him to commit the act.

Rev .Mr. Francis is scheduled to deliver a "Ben Hur" lecture tonight at a neighboring church, but, according to report a protest has been made against his using the pulpit.

SUICIDE PACT EXPLAINED.

Maggis Decided to Die Not Because They Were Childless, But Because They Lost Millions.

Zurich, Switerland, June 20.—The mystery surrounding the suicide last Thursday, Eugene Maggi, reputed to be one of the wealthist men in Switzerland, and his wife has been cleared up by the discovery among Maggi's papers of a letter to his family saying he had been irretrievably ruined financially and had decided to kill himself.

Underneath this message in his wife's handwriting, was the following:

I believed myself rich and I was happy. Eugene has just revealed to me that we are ruined and announced his determination to die. My duty is to follow him in death. Adieu.

An investigation has confirmed the fact that M. Maggi has lost his fortune.

When Maggi and his wife were found dead as a result of gas asphyxiation in a bed room in their villa here it was believed that the double suicide had been prompted by the fact that although their wealth was estimated at $10,000,000 they were greatly disappointed because they had no children.

Maggi was the owner of extensive mills in Zurich and other parts of Switzerland and had numerous other widespread interests.

PETITION DISMISSED.

Local Option Victory For Anti-Saloon League is Declared Valid.

Danville, Va., June 20.—Judge R. W. Pestross Thursday afternoon in the Corporation Court handed down an opinion dismissing the petiton of certain voters in this city who questioned the legality of the liquor license election of April 15.

Petitioners attacked the validity of the election on constitutional grounds contending that certain voters lying in North Danville were deprived of their conventional right in being debeing denied a vote on this question.

The court holds that the constitution prescribes qualifications for voting for members of the general assembly and other elective officers. It does not presribe qualifications of voters in special elections. Hence the statute involved in this case in valid.

Neapolis, or North Danville was annexed to Danville in 1897. Under the terms of the act North Danville was specifically excepted from participation in the liquor license election in old Danville.

DEATH OF JUDGE MORTON.

Member of Last Constitutional Convention Passes Away.

Gordonsville, Va., June 20.—After being in ill health several years. Judge James W. Morton, who was a meber of the last Virginia constitutional convention and who held other positions of honor, died Thursday in his home in Orange.

On his retirement from the bench Judge Morton received a silver loving cup, given by lawyers of the county as a testimonial of their esteem for him.

Judge Morton was a grandson of General Williams, of revolutionary war fame, owner of "Soldiers Rest," at Morton's Ford. He represented Orange county in the house of delegates and was for many years judge of the county court.

GRANTED A DIVORCE.

Mrs. Rauscher Wins Her Decree on Cross Suit.

Mrs. Julia Marie Rauscher, whose recent litigation in the Supreme Court of the District of Columbia to regain possession of her wedding presents resulted in a hung jury was granted an absolute divorce last Wednesday from her husband Rene C. Rauscher, by Judge Thornton, of the Circuit Court of Alexandria. Mrs. Rauscher won her decree on a cross-bill, charging desertion, and the court allowed her to resume her maiden name, Julia Marie Miller. It was stated that a cash settlement in lieu of alimony was arranged, and that Mr. Rauscher was taxed with the counsel fees.

It was not generally known that Mr. Rauscher, who is a son of the well known restauranteur on Connecticut Avenue, Washington, had begun an action in the Virginia courts, where he had qualified for the required term of residence. In fact, it was not known in the District Supreme Court at the time he was contesting Mrs. Rauscher's claim on all the wedding presents. His bill in the Alexandria courts charged Mrs. Rauscher with desertion. She had sued him in the Washington court for a divorce and alimony, but withdrew her bill.

Shortly after Mr. Rauscher filed his bill, her lawyers, C. E. Nicol and Samuel G. Brent, of Alexandria, brought her cross-bill into court, making a counter charge of desertion.

The Rauschers were married a little more than a year ago and received wedding presents valued at about $5,000. Their honeymoon included a trip to France, where relatives of Mr. Rauscher were visited. The pair were supposed to be happily mated, and their friends were greatly surprised when, shortly after their return to Washington, they separated.

The Truth About Electric Cooking

For large families where the average domestic help is employed and a large amount of cooking done, Electric Cooking will be found more expensive, and in most cases not advisable.

In small families, where no help is employed, and where nice equipment is desired, Electric cooking will be found many times more convenient, more certain in results and safer in operation—as well as reasonable in cost.

In every family a few utensils for early breakfast emergency and special uses —and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy.

CHAMBER'S FIGURES ON STATE TAXES.

In another part of this issue of the Gazette is an account of the report of a special committee of the Alexandria Chamber of Commerce, setting forth the irregularities existing in the present system of distribution of the tax burden throughout the state. The Gazette has frequently called attention to the urgent need of tax legislation at the coming session of the legislature.

The committee will do well to take up the matter with the trade organizations of other cities and to give their finding the widest possible publicity. When it is demonstrated that seventy-one of the one hundred Virginia counties pay no actual surplus into the treasury of the Commonwealth, but are a drain upon the state to the extent of more than half a million dollars per annum, over and above revenues they produce, one need not be an expert on the subject of taxation to see very clearly the imperative need of tax revision.

In the seven months that will pass before the legislature convenes there is ample time for the question to be presented for consideration all over the state. In addition, there are scores of aspirants for election to the house of delegates who should make known their positions in this matter of greater importance than any other of the questions which will confront the successful candidates at Richmond next January. The nineteen cities and the twenty-nine counties which are supporting the entire state should take a position in the matter which cannot be ignored by the other seventy-one state subdivisions.

The argument is frequently heard that tax legislation is impossible, because of the fact that the county delegates, by reason of their majority, can overrule the desire of the city representatives and retain the antiquated system which works to the advantage of their constituents. It is hard to believe that there is any weight in this contention. We are represented at Richmond by a body of men of sufficiently high calibre to recognize the needs of the state and to work in the interest of fair and impartial legislation. What is needed is a broad-cast publication of such data as the special committee, above referred to, has worked out in actual figures, and an intelligent understanding of the question on the part of the gentlemen who are asking our votes this summer.

It is strange what a similiarity exists between the city councils of our various municipalities. A Richmond paper says that council, down there, talked for an hour without doing anything.

GOOD GAME TOMORROW.

Cardinals to Play Strong Team of Interior Department.

When the Interior team, leaders of the Departmental League, and the Cardinals meet tomorrow afternoon, one of the best teams in the district will be seen in action against the local favorites.

The Interior team until the present year has never been considered very strong, but Manager Kays, has gathered around him a fast fielding and heavy-hitting bunch and the best pitching staff in the league. He has made a runaway race, and when they arrive in Alexandra Saturday all puffed up over their large margin, they will meet a team in Cardinals which has just struck it stride and which will use either "Wizard" Burgandine or "Bear" Cox as twirler with Melvin Jones doing the receiving to off-set Manager Kays star battery, Flannery and Pollocko.

Sunday afternoon, near Jones's Point, Lighthouse, the Cardinals will play the strong National A. C., of Washington, at 2:30 p. m. This game will be the deciding one of a series of three—the Cardinals winning one by score of 13 to 1 and National defeated the locals by score of 8 to 1. Risdon and Jones will be the Cardinal battery against Platt and Zeraga for the Nationals.

At a meeting of the Alexandria Sporting Association, held at the residence of Dr. E. A. Gorman, Wednesday evening, President S. A. Breen of the Cardinls, was uthorized by the Association to offer, as an inducement to the fans to attend the game Saturday, a pass good for the season of 1913, to be presented to the person holding the lucky number in the grand stand. They also decided to make every Wednesday a "Ladies Day" Every lady who would like to witness the baseball games between the Cardinals and other teams are invited to visit the park free of charge, every Wednesday, as the special guests of the Cardinal Athletic Club.

Tar Roofing That Is Fire Proof

Resistance to Fire

Besides its superior weather-proofing qualities and other advantages already mentioned, Security Roofing possesses still another requirements of the good roof. Its resistance to fire is remarkable Two instances of this will suffice for practical illustration :

At Middleport, N. Y., the building next to one covered with Security roofing caught fire. The burning building was the taller of the two, and was surmounted by a cupola. When the roof beams collapsed this cupola fell over upon the Security roof and burned away there until entirely consumed. The Security Roofing stood even this severe test successfully.

So much for its resistance to fire from without. But it will also hold an interior fire in check, until the roof beams are burned away.

AT ALEXANDRIA, VA., after a building had been gutted by fire, the Security Roofing with which it had been covered was undestroyed. It hung suspended from the walls and charred remnants of the rafters, though the floors and major portions of the roof had burned to ashes.

It Pays to Buy and Use GOOD Roofing

We believe it pays to have quality in our product even though it costs more; and we know from long experience that the only way to shave the price is to shave the quality.

We have never been willing to reduce the quality of Security Roofing, and do not recommend the use of cheaper and consequently inferior materials.

But the use of Security Roofing is nevertheless the truest economomy. for it always pays to get the best.

It costs very little if any more, to begin with, and saves more than its cost in the long run.

Security may be laid over shingles or other composition roofing where surface is reasonably smooth. Order now of

TRUTHFUL REPORTS.

Alexandrians Read Them With Uncommon Interest.

An Alexandria citizen tells his experience in the following statement. No better evidence than this can be had. The truthful reports of friends and neighbors is the best proof in the world. Read and be convinced.

C. N. Rauch, 223 N. Royal St., Alexandria, Va., says: "Not a symptom of kidney complaint has bothered me since I used Doan's Kidney Pills some years ago. This speaks well for the remedy. I feel that I owe it my praise. I was troubled by my kidneys for three years and I think continued lifting was the cause. I had to give up my work but my back still bothered me. Finally my kidneys began to annoy me. I doctored for a long while with one of the leading physicians in this city, but he did not cure me. When I heard of Doan's Kidney Pills I got a box at Leadbeater & Co.'s drug store. In a few days they relieved me and I continued taking them until I was cured."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United State.

Remember the name—Doan's and take no other. (10).

Negro Lynched.

To the horror of hundreds of tourists, health-seekers, and law abiding citizens, William Norman, a negro, was lynched last night at one of the busiest street intersections in Hot Springs, Ark. He was stripped of his clothing, hanged to a cross arm on a telephone pole, and shot to bath. After his body had swung here in the full glare of an arc light for more than an hour, it was cut down and burned.

Norman was accused of having attacked Garland Huff, a white girl, 12 years old, who was found in a critical condition earlier in the day. She died last night without having regained consciousness.

The lynching took place at a time when the streets were thronged with persons out for a stroll or bent on business, and many women fled from the spot.

Killed And Injured.

Twelve persons were killed and twenty-five injured, several fatally yesterday in a head-on collision between two interurban electric trains of the San Francisco, Napa, and Calistoga electric line, one mile north of Vallejo, Cal. The trains traveling high speed, came together with a terrific crash and telescoped.

Queen Victoria of Spain gave birth to a son last night. This is the sixth child born to Queen Victoria. King Alfonso and Victoria Eng, Princess of Battenberg, were married May 31, 1906.

BERRIES COMING IN.

But Few Strawberries Are Appearing in Market.

With the arrival of warm weather the berry crop has taken a jump. While strawberries are becoming scarce, blackberries and raspberries are now coming to market in greater volume. Raspberries sell for 30 cents, blackberries at 15cents and a few strawberries bring 25 cets for two boxes. Cantaloupes now sell as low as 10 cents each, larger ones at 15 cents. Cherries are getting cheaper. Ten cents per box is the usual price.

Green corn sells at 30 cents the dozen, very large ears bringing 40 cents.

With afvorable weather it is predicted there will soon be a big supply of good corn on sale.

Meats for this week seem to be holding their own.

One thing is noticeable, however, the big demand for steaks and chops. The best meat on the market may be purchased now in the form of roasts and at prices that are very low, but the demand seems to be for cuts for broiling or frying.

If the cost of living seems high, why not purchase good stew meat and roasts. Cooked and eaten cold these hot days such meat makes an appetizing dish.

Eggs have gone up, some selling at 28 cents.

Butter sells at from 35 to 40 cents

The Income Tax.

The minimum exemption from the income tax, will it is said be $3,000 and the maximum $5,000, in the Underwood tariff bill at it will be reported to the Democratic caucus.

The Senate will probably tax the separate income of both husband and wife, wheras the House bill takes but a single income, considering the husband and wife as one for purposes of taxation. An exemption of $1,000 will be allowed on account of a dependent husband in taxing the income of a wife, and a like exemption from the income of the husband will be allowed on account of a dependent wife.

An exemeption of $500 each will be allowed on account of dependent children, up to but not exceeding one thousand dollars. This is the tentative plan which the members of the committee were disposed to approve when they adjourned last night. The highest exemption allowable under the senate plan will be $5,000, distributed as follows: $3,000 on account of the individual tax-payer; $1,000 additional on account of a dependent husband or wife, as the case may be, and another $1,000 on account of two or more dependent children.

The race for the Ascot gold cup, one of the most coveted prizes of the English turf, was marred yesterday by an incident similar to that which brought the King's horse down in the derby when Emily Walding Davison sought and found death in the cause of the militant suffragettes. In this case it was a man, Harold Hewitt, who emulated Miss Davison's feat. Hewill was not connected with the suffragists, but was of unsound mind and of a type peculiarly liable to be carried away by the imitative impulse. He received the same penalty for his temerity as did Miss Davison—a fracture at the base of the skull. At a late hour last night Hewitt was lying unconscious in a hospital, after undergoing an operation in the forlorn hope that his life might be saved.

When at work on a lighting wire pole at Tunlaw road and Jewett street northwest, Washington, yesterday afternoon, Joseph H. Allison, a lineman, touched a bare wire which was carrying a current of 2,400 volts, and was almost instantly killed .

Representative H. Garland Dupre of Louisiana, and James Louis Murphy, deputy marshal of the United States Court of Commerce were painfully injured yesterday afternoon at 5:20 o'clock at Fourteenth and F streets northwest, Washington, when they were hit by an eastbound street car. Dupre was bruised about the head and back, while Murphy had his rght foot so badly mashed that it will be necessary to amputate it.

NEWS OF THE DAY.

Andrew Gonales, the Cuban wife-murderer, will not die on the gallows at 9:45 o'clock this morning, as his death warrant from Criminal Court No. 1, of Washington, directed. President Wilson has commuted his sentence to life imprisonment, on the grounds of insanity. Convincing representations were made to the President by those interested that Gonzales was suffering from prison psychosis, and had become mentally unbalanced. It is contrary to the procedure of all civilized nations to execute an insane person.

The body of Miss Edna L. Turnburke, the young school teacher, who committed suicide Tuesday afternoon by jumping into the river from the Chain Bridge, was found a half mile below the bridge last night.

Enraged by the importation of girl laborers to do cheap work in the sugar fields in the province of Poltava, in the southern Russian villagers, it is reported, burned eighty young women to death. The girls were housed in a barn. The excited townspeople fastened all the exits while the imported laborers were asleep and then fired the building.

One man was killed, a woman fatally injured, a large number of live stock destroyed, and damage to buildings and barns amounting to close to the $100,000 mark are the results of a tornado and electrical storm that swept over Madison county Ky., Wednesday night and early this morning.

Twenty persons are believed to be dead in and near Tallahassee, Fla., as a result of a tornado, which swept this section Wednesday night. Perhaps a hundred are injured of whom a few will die.

Chief Justice White yeesterday granted an appeal to the Supreme Court for Samuel Gompers, John Mitchell and Frank Morrison, labor leaders convicted of contempt of court in the Bucks Stove and Range case. The appeal will be heard after October. Mr. Gompers has been very ill for several weeks, and is still in a serious condition.

The British House of Commons last night officially closed the Marconi affair by adopting the following: "Resolved, that this house, after hearing the statement of the attorney general and the chancellor of the exchequer in reference to their purchases of shares in the Marconi Company of America, accepts their expression of regret that such purchases were made, and that they were not mentioned in the debate of October 11, last, and acquits them of acting otherwise than in good faith, and repobates the charges of corruption against the ministers, which have been proved to be absolutely false." The vote was, ayes, 316, noes, 268.

A dispatch from Douglas,Ari., says five thousand insurgents and three thousand federals yesterday afternoon began a general engagement at Orti, Sonora. Conflicting reports were received in Laredo, Tex., last night of a battle fought yesterday at the town of Rodriguez, Mexico, 40 miles south of the border, between the Federal army of Gen. Tellez said to number about 2,000 men, and rebel bands. Constitutionalist dispatches assert that the federals were routed after a number had been killed or wounded. Mexican Consul Lozane, of Laredo, has advices stating that the engagement ended in a victory for the government troops.
